About me

My name is Björn Englesson and I am studying to become a Master of Computer Science at the Royal Institute of Technology. By the summer I will have completed two years of my education. I am interested in Android and iOS development and have made applications for both of them. Besides school I'm currently involved or have been involved with the schools play, the reception of new students at RIT and the career event Armada.

Education

Royal Institute of Technology: 2012-
Master of Computer Science
